PremiumShield

**PremiumShield Elite SH
Delivers Of Mind
You Can Bank Upon!**

PremiumShield Elite SH

PremiumShield Elite SH provides the highest quality protection alongside industry leading clarity and durability. Our 'natural' self-healing technology allows the film to maintain its already hydrophobic surface from light scratching without the need for additional heat and with PremiumShield Elite SH's superior optical clarity you don't need to sacrifice beauty for protection. The flattest, glossiest product available in the market today.

Designed To Protect

Easy Application

PremiumShield SH PAINT PROTECTION

PremiumShield SH paint protection films are the most effective paint protection worldwide. Patented, innovative technologies have helped create a product that provides maximum protection for paint while maintaining optical invisibility. Your vehicle is protected against the formation of chips, sandblasting, scratches, the harmful effects of chemicals, bird droppings, and other roadway hazards.

against discoloration, fading,
cracking or bubbling.**

PremiumShield MATTE

PremiumShield Matte offers a unique satin finish produced to replicate the factory matte paint available from a variety of vehicle manufacturers. These hard to maintain surfaces become fully protected with the application of PremiumShield Matte. However this distinctive finish can also provide that splash of individualism to a previously glossy surface and really make you stand out from the crowd. With its self-healing abilities and strong stain resistance make sure to protect that premium look with PremiumShield Matte.
